11:45 – 12:15	Emerging Issues Associated With Unclaimed Property (joint session	
11113 12110	with Sales Tax School)	
	States are getting more aggressive in the unclaimed property area. They	
	are shortening their dormancy periods, asserting claims to new types of	
	obligations, and hiring contingent fee auditors. Some states use	
	unclaimed property as a source of revenue rather than acting as trustee for	
	the true owners. While unclaimed property is not a tax, a company's tax	
	function frequently owns the audit. Just when you thought dealing with a	
	state income or transactional tax audit can be burdensome, wait until you	
	wrestle with an unclaimed property audit with no statute of limitations or	
	uniform procedures, limited protest rights, and very little guidance. This	
	session will provide an overview of the states' unclaimed property practices	
	and cover recent unclaimed property legislation and litigation. It will bring	
10.1%	you up to date on the latest unclaimed property issues.
